OBJECTIVE

Aspiring Software Developer and CSE Undergraduate with a strong foundation in front-end development. Seeking a software development internship to contribute to real-world projects while expanding my technical and collaborative skills

EDUCATION

Pimpri Chinchwad College of Engineering Pune,
Bachelor of Technology in Computer Science and Engineering

Expected 2027

CGPA: 7.53

SKILLS

Programming Languages	C++, Javascript, Python
Libraries/Frameworks	React.js, Node.js, Express.js, Tailwind CSS, NumPy, Pandas
Tools	Git, Github, Canva
Soft Skills	Problem-solving, Collaborative working, Critical Thinking

PROJECTS

QUIZNET

Created an Online Exam Portal for CEP Project in College using React.js for the frontend and Node.js MySQL for backend.

TALENTHUNT – Job Portal Web Application

Built Talenthunt, a dynamic job portal using the MERN stack, featuring secure user/admin authentication, real-time job applications, and intuitive job management. Crafted a responsive, user-friendly UI with React and handled seamless API integration with Express.js and Axios. Leveraged MongoDB for efficient storage and retrieval of users, jobs, and application data.

EXPERIENCE

Smart India Hackathon.

- Built a Crop Disease Detection System for Smart India Hackathon 2024 for which we were qualified for the next round of the SIH-2024 by presenting the project at college.

Techfest PCCOE.

- Assisted in organizing and managing various events during the annual Techfest.
- Contributed to the design and setup of event banners, posters, and digital materials.
- Collaborated with the core team to ensure smooth execution of workshops and competitions.
- Engaged with participants and provided on-ground support during technical events.

EXTRA-CURRICULAR ACTIVITIES

- Winner at college-level badminton championships, demonstrating competitive spirit and teamwork.

ACHIEVEMENTS

- Attended workshops and actively contributed during the Techfest organized by IIT Bombay. Received a certificate for successfully completing a hands-on session in Ethical Hacking, enhancing cybersecurity knowledge and skills.
